### SUMMARY

My name is Innocent Aphane, and I am an ambitious and skilled programming student at WeThinkCode\_ with a strong foundation in Java and Python. I am self-taught in web development and web scraping, demonstrating a robust ability to learn and adapt to new technologies. At WeThinkCode\_, I have honed my skills in writing clear, maintainable code and developed essential qualities such as teamwork, leadership, and effective communication. I excel in strategic problem-solving and work well under pressure. In my spare time, I enjoy going to the gym, spending time with family, and learning new skills. I am eager to contribute my technical expertise and collaborative spirit to a forward-thinking organization.
